Blanchardstown, D. 15

To whom it may concern,

Fabrice Jolivet has been the official photographer of the Dublin Satellite World Cup & Irish Open fencing tournament since 2016. During that time, he has captured high quality shots of fencers in action at this and other tournaments. Many of these shots have been used in reports to Sport Ireland and as part of strategy and publicity documents.

He is extremely diligent about his work and non-intrusive when capturing action shots of matches. This is an important characteristic for fencing where the slightest distraction at the wrong moment can be the difference between winning and losing.

I anticipate use of some of his images as Fencing Ireland's contribution to the FIE World fencing day event in a few days.

Yours' sincerely,

A handwritten signature in black ink, appearing to read 'Des Gilhooly', is written over a horizontal line.

Desmond Gilhooly,

President, Fencing Ireland.
